

The flashing light even with manoeuvre counter function

- Elegant design and top-quality materials make up a flashing light that provides much more than just a light warning.
- Long-lasting and low consumption. Its energy efficiency is the result of its low consumption (1W - 120 V AC / 2W - 230 V AC / 2 W - 24 V AC - DC).
- A wall-mounting support solves any installation issues.

Dimensions (mm)

Technical features

MODELS	KLED	KLED24
Protection rating (IP)	54	54
Power supply (V)	120 - 230 AC 50/60 Hz	24 AC 50/60 Hz - 24 DC
Power (W)	2 (230 V AC) 1 (120 V AC)	2
Operating temperature (°C)	-20 ÷ +55	-20 ÷ +55
Material	ABS - POLYCARBONATE	ABS - POLYCARBONATE

● 230 - 120 V AC ● 24 V AC - DC

THE COMPLETE RANGE

Code	Description	Price £ (Excl. VAT)
120 - 230 V AC flashing light		
001 KLED	LED flashing light.	£33.00
24 V AC - DC flashing light		
001 KLED24	LED flashing light.	£41.00
433.92 MHz antenna		
001 TOP-A433N	Antenna.	£21.00
868.35 MHz antenna		
001 TOP-A862N	Antenna.	£22.00
Accessories for: 001TOP-A433N - 001TOP-A862N		
001 TOP-RG58	Antenna cable.	per m £2.00
